Unlocking your child's potential

'Growth mindset' 'Resilience' 'Visible Learning' 'Language of Learning'

Your child probably hears and uses these terms in school on a daily basis and we are working with our children to help them develop these approaches and attitudes to learning. Perhaps you have heard your child use one of these terms or you have watched your child display a growth mindset or show resilience. Perhaps you have heard others talk about the 'Language of Learning' or about 'Learning to Learn'.

Would you like to learn more about these approaches and attitudes, how they are developed in school and what impact they have on your child's learning? If so, there will be a

***Parents' Information Evening at St David's High School on
Tuesday 10th November at 7pm.***

This is an opportunity for you to explore these approaches and attitudes with other parents from our St David's cluster group of schools and see what they look like in action. Sarah Philp, Principal Educational Psychologist, will share information about how Visible Learning is being developed across the authority, the impact this has on our children and how you can help unlock your child's potential at home.

If you are able to join us please complete the confirmation below and return it to our school office by **Friday 30th October** so that we have an idea of numbers attending for refreshments etc.

Thank you for your continued support.

Liz Laird
Headteacher

.....
RETURN TO SCHOOL BY 30TH OCTOBER

Child's Name _____ Class _____

I will be able to attend the information evening at St.David's High School on Tuesday 10th November at 7pm.
