

St Mary's Nursery News

The nursery staff would like to welcome the return of all the children and families back to our Early Years Setting.

STAFF AT ST MARY'S

Mrs Henderson Senior Early Years Practitioner
Miss Munro Early Years Practitioner
Mrs Wilson Early Years Practitioner
Mrs Ewart Early Years Practitioner
Mrs Lavery Early Years Practitioner
Ms Figiel Early Years Practitioner
Mrs Macfarlane Modern Apprentice
Mrs Allan Modern Apprentice

The Staff are following the Covid 19 Guidelines to keep your children safe. Please continue to follow the guidelines and keep a 2 metre distance and remember to wear a face covering when collecting your child and when you are in the school playground.

Good News Miss Munro is expecting her first baby in the summer.

We would like to welcome Mrs Donna Allan to St Mary's as our new Modern Apprentice. Mrs Allan will be working in the Squirrel Bubble

We have made a few changes regarding the bubbles key workers. Mrs Lavery and Mrs Wilson are in the Squirrels. Miss Munro, Mrs Ewart, Ms Figiel and Mrs McFarlane are in the Hedgehogs

Staffing

Mrs Turner Senior Early Years Practitioner will join St Mary's on Monday 8th March to cover for Mrs Henderson. Unfortunately Mrs Henderson is in the shielding category.

SEESAW

Thank you to all our families who shared photographs and kept us updated with all the children's learning experiences and achievements during lockdown. The children have been very excited to talk about the photos that have been displayed on the nursery wall. This has supported the children with reconnecting with their friends and adults.

Achievements

Seesaw has been a great resource to keep parents and staff updated on individual children's progress. We would appreciate it if parents/carers would continue to post their child's achievements with us so that we can share them in the nursery. This is an area we would like to further develop.

Learning Focus

This term we will be learning and observing new life taking us into Spring. Using technology the children will take photographs outdoors and print them to enable them to compare the changes over a period of time. We will also continue to focus on friendships and our emotions.

Can you help us

The staff would like to begin planting bulbs, seeds and vegetables in our garden with the children. Do you have any compost left over or any other garden resources to help support us with this activity.

Thank you for your continued support.

Diary Dates

Easter Break	Friday 2 nd April
All Return	Tuesday 20 th April
